

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

As it is, I get a large portion of my news from the BBC and other foreign news sources, because our media has become little more than a tool to serve the interests of the select few corporations who control it. Please don't make the situation even worse.
